

ZenithGroup

**SERVICES | Zenith Group is a unique value proposition of metal manufacturers within the defence supply chain.**  
Services include project management, state-of-the-art steel laser cutting, fabrication, precision machining and assembly.

**DISCRIMINATORS | A more flexible and responsive supply chain partner**

**Broad Capability. Depth of Experience. Defence and Industry Proven.**

Respond to Bid and Work packages as well as complete projects in full, quoting all parts. Your capability bridge with proven import replacement.

**Local Manufacturing hub**  
Multiple factories in Melbourne.

**Multi Axis CNC**  
Dozens of Multi Axis Individual Machines

**High Speed 10kW Fibre Laser Cutting**

**KEY CUSTOMERS |**

Land 121 3B & 5B Rheinmetall

Sea 5000, DH36 steel plate prototypes; SEOSS downselect

Boeing Loyal Wingman Program

**Together ahead. RUAG**

**CAPABILITIES |**

**Steel laser cutting**

10-kilowatt Prima Laser 3000 x 1500mm  
*High speed power*

**Oxy steel profile cutting**

Triple head CNC controlled  
*Clean cut to 250mm depth*

**CNC Brake press forming**

Five presses to 400 tonnes and 6m long  
*Volume flexibility*

**Automatic Robotic MIG welding**

Consistency of form and finish  
*General and special-purpose welding*

**CNC machines:**

**Milling** to 1430 x 800 x 700mm

**Turning** up to 380mm diameter, 650mm long

**Multitasking simultaneous**

5 axis milling and turning  
670 x 1400mm

**Probing & coordinate**  
measurement capable

**QUALITY AND ACCREDITATION |**

**ISO9001:2015 Certified**
