ZenithGroup

SERVICES | Zenith Group is a unique value proposition of metal manufacturers within the defence supply chain.
Services include project management, state-of-the-art steel laser cutting, precision fabrication and machining & assembly.

DISCRIMINATORS | A more flexible and responsive supply chain partner

Broad Capability. Depth of Experience. Defence and Industry Proven.

Respond to Bid and Work packages as well as complete projects in full, quoting all parts. Your capability bridge with proven import replacement.

Local Manufacturing hub
Multiple factories in Melbourne.

Multi Axis CNC
Dozens of Multi Axis Individual Machines

High Speed I4.0 Fibre Laser Cutting

KEY CUSTOMERS

LAND 121 3B & 5B

RHEINMETALL

Rosebank Engineering

CLASSIFIED

LAND ENGINEERING AGENCY.
MONEGEETA

DST GROUP

Sea 5000

CAPABILITIES |

Steel laser cutting
10-kilowatt Prima Laser 3000 x 1500mm
High speed power

Oxy steel profile cutting
Triple head CNC controlled
Clean cut to 250mm depth

CNC Brake press forming
Five presses to 400 tonnes and 4m long
Volume flexibility

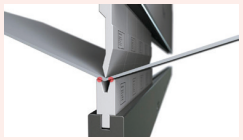
Automatic Robotic MIG welding
Consistency of form and finish *General and special-purpose welding to ISO9606-1*

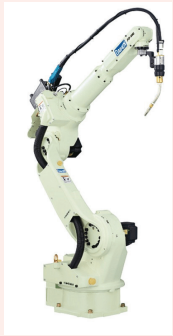
CNC machines:
Milling to 1430 x 800 x 700mm

Turning up to 380mm diameter, 650mm long

Multitasking simultaneous 5 axis milling and turning 670 x 1400mm

Probing & coordinate measurement capable





QUALITY AND ACCREDITATION |

Certified ISO9001 I ISO9606 I AS9100 I HSEQ

ISO 9606-1:2017-12 WELDING STANDARD
Since 2024
